

Wild wild west derivative counter

Dodo

November 2022

Welcome to derivative calculator fella, let's have a look at ya. God, what da hell is dis shit, fella? Ok, ok, let's calculate this bullshit.

♣ ♣ ♣

Got to calculate function in point 5 The result is -0.958924

♣ ♣ ♣

Alright fella, let's look wat we got:

$$\sin(X) \tag{1}$$

♣ ♣ ♣

With the power of gods, let's write the following:

$$\sin(X) \tag{2}$$

Here is whach you got, fella. Now let's drink some whiskey and shoot niggers.

$$(\cos(X)) \cdot (1) \tag{3}$$

The solution is pretty simple and you definetely can do it **yourself**
